The department has submitted the additionally requested supporting documentation to FEMA for the improved project request. IDHSEMA has submitted the improved project request for FEMA review.

The Redding weir project has been substantially completed. All revetment has been placed and dirt work completed. Preventative measures have been taken to control potential erosion. The DOT has been notified and is in the process of scheduling a field walk around. Work on the project is suspended until spring when the final site seeding can be completed.

The tanker installation at the Monroe 4 project site was completed November 5th and opened to traffic.

All form work has been removed and hauled off site at Union 6. The crew began working on building up the approach roadway embankment at the north. Johnson reported the plan for this week is to complete approach fills, shape the site, place revetment, and place granular surfacing material.

Check plans have been submitted for the J55 paving project. The department is awaiting Iowa DOT check plan review comments. Final plans are due December 21st.

Holmes stated he was contacted by a resident expressing gratitude for a job well done on a tube project on 140th ave.

Johnson explained he has been considering projects for the upcoming year. He is currently reviewing the Grant 1 project site and exploring alternative methods for repair.

Members of the Sun Valley Lake Association met with the Board to discuss county road conditions around the lake. Bill Wells, Bill & Diane Breckenridge and Karl Groszkruger were in attendance. Bill Breckenridge presented the group with a handout outlining the benefits Sun Valley values and taxes provide to the county as a whole. Breckenridge went on to explain the significant damage on 140th street, on the east side of the lake, to the point of concern with safety. Knapp explained in order to properly repair 140th street, it will be reverted to gravel for a short period of time prior to resurfacing. Breckenridge stated the road that goes from J20 to the Club House on Indian Point Drive also needs repaired. Johnson explained included on his FY24 construction plan is the project to resurface 140th street. The plan is to revert to gravel late this fiscal year or early in FY23 then resurface in FY24.

Knapp excused himself at 10:45 a.m.

The Board reviewed claims to be paid Wednesday, December 1, 2021.
