Engineer Jared Johnson met with the Board to provide secondary roads updates. Knapp let Johnson know the brush cutting crew is doing a great job. Holmes also provided positive feedback to the road clearing crew following the snow storm over the weekend.

The sign truck stayed busy most of last week. Bridge postings were updated following the December inspections. Three updates remain, Johnson said.

Tingley 1 bridge was severely damaged Monday evening sometime. Upon discovery, the damage was so extensive the bridge required closing Tuesday morning. The crew gathered materials and repaired approximately 1/3 of the deck Wednesday. Johnson said the bridge was reopened to traffic by close of business Wednesday.

The brush grinding equipment was working on P27 south of Highway 2 and in the Redding area gridding trees and brush back away from the roadway.

The crew was out burning brush piles and cutting trees and brush back away from the roadway and signs.

Snow removal equipment was readied in preparation for the storm this past weekend. Trucks and blades were dispatched early Saturday morning to begin snow removal efforts. These efforts continued into Sunday.

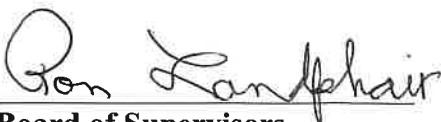

With regard to the J55 project, Johnson addressed comments from the Iowa DOT and submitted the final plans last week.

Letting for the J23 and P64 sealcoat project will be this Wednesday, January 19, 2022.

The Board met with Conservation Director Kate Zimmerman in FY23 budget workshop. Also present were conservation Board members Dale Walkup, Doug Frost, Susie Catanzareti and Jim Norris. Several members of the public were also present for the discussion.

The Board tabled approval of the minutes.

There was no further business. A motion was made by Knapp and seconded by Holmes to adjourn the meeting at 12:55 p.m.
