

Ringgold County Board of Supervisors Minutes January 24, 2022

The Ringgold County Board of Supervisors met in regular session Monday, January 24, 2022. The meeting was called to order at 9:00 A.M with the following members present: Ron Landphair, Colby Holmes and Steve Knapp.

A motion was made by Holmes, second by Knapp to approve the agenda.
AYES: Unanimous NAYS: None

Engineer Jared Johnson met with the Board to provide secondary roads updates. The brush grinding equipment was working in the Redding area and then moved to southwest corner of Grant township grinding trees and brush back away from the roadway.

The crew was out cutting brush in localized areas around bridges and signs.

Equipment has been run through the shop for repair and maintenance purposes.

Time was spent working to improve the organization of shop items and reduce clutter of items that are now obsolete.

Johnson reported final plans for the J55 paving project have been cleared by the Iowa dot and sent to the Office of Contracts for inclusion in the April 19, 2022 letting.

The Grant 13 site has been surveyed and the department has completed the hydraulic analysis for the project site. The proposed replacement structure is a twin 12' x 10' x 90'-0 reinforced concrete box culvert. It is planned to utilized Highway Bridge Program (HBP) funding for this project. The department is anticipating this project will be in the September, 2022 Iowa DOT letting

The department is currently working to obtain clearances required for the project and developing the plan set.

The existing site, Benton 11, has been surveyed for design purposes. The plan is to remove the existing bridge and replace with earthen fill material. The bridge had previously crossed a railroad line that is now obsolete. The old railroad right-of-way has been vacated.

The project site also contains a large drainage structure south of the bridge. This structure has been previously extended. In order to abandon the guardrail protection and create a less constricted traveled way the roadway fore slopes will need to be improved. In order to do this the existing drainage structure will require further extension. Based on the age and current condition of the drainage structure the department recommends replacing the structure as part of this project to meet the required length.

The Board met with Treasurer Debra Cannon to review the December month end report for her department.

The Board met with Auditor Amanda Waske to review the December month end report for her department.

The Board tabled approval of the Memorandum of Understanding for the Sheriffs union.

The Board reviewed claims to be paid Wednesday, January 26, 2022.

The Board recessed at noon for lunch.

At 1pm the Board returned to FY23 budget workshop.
