

Ringgold County Board of Supervisors Minutes

May 30, 2023

The Ringgold County Board of Supervisors met in regular session Tuesday, May 30, 2023. The meeting was called to order at 9:00 A.M with the following members present: Colby Holmes and Randy Taylor. Absent: Steve Knapp.

A motion was made by Taylor, second by Holmes to approve the agenda.
AYES: Unanimous NAYS: None

Engineer Jared Johnson met with the Board to provide secondary roads updates. The tractor and mower has been working to mow vegetation along roadsides in the South Central and Northwest parts of the County.

Spot rock was hauled to the North Central and Northeast maintainer districts.

The sign truck was out working to repair downed/damaged/deteriorated signs.

The crew began spraying roadsides for the control of noxious weeds.

Old concrete given to the County was broken into revetment sized pieces and stockpiled for later use.

The timber bridge decks of Monroe 5 and Tingley 11 were repaired. Potholes that have formed in the deck of Washington 15 were repaired as the bridge is restricted to the point of where a maintainer can no longer cross it.

Work order update:

W.O. 107: Replace deteriorated 24" concrete culvert with new 24" ADS culvert located on 120th Ave between 190th and 200th Streets (Complete).

W.O. 1080: Clear brush and re-shape roadsides for approximately 1/8 miles. Located along 210th Street between HWY 169 and 240th Ave. (In Progress).

The contractor began the J55 project last week and closed the road. They started on the west end of the west portion with removals and subbase and worked their way east. By the end of the week, they were able to complete all but one of the removal locations. The pad is complete at the plant site. It is anticipated that the plant will be mobilized this week and potentially begin paving operations. Paving is expected to begin at the west end of the west portion.

At the Grant 13 site, the roadway is officially open to traffic. Traffic control devices were picked up from the site last week. The last remaining items for the project are seeding and erosion control devices. Temporary traffic control signs will be set up when the seeding and erosion control subcontractor is on site.

Last week the contractor began the Benton 11 project, and the roadway was officially closed. The contractor worked to remove the existing guardrail and haul it off site. The plan for this week is to remove the existing culvert south of the bridge and excavate for new culvert construction.

Last week at the Grant 11 project site, the crew hauled off the last of the equipment, the site was seeded, and the field fence was replaced. The bridge was opened to traffic and the project is complete.

The Board reviewed the alcohol permit renewal application for The Clubhouse at Sun Valley. They moved forward with approval.

The Board accepted the resignation of Poe Township Trustee/Clerk and in accordance with Iowa Code §68.8(5)(b), approved for the Supervisors to temporarily assume the duties as assigned.

The Board tabled approval of the Sexual Abuse Prevention Program contract.

The Board moved forward with approval of the Meal Reimbursement Policy reflecting the updated daily meal reimbursement amount of \$50.

The Board moved forward with approval of claims to be paid Wednesday, June 1, 2023.
