

Ringgold County Board of Supervisors Minutes

June 12, 2023

The Ringgold County Board of Supervisors met in regular session Monday, June 12, 2023. The meeting was called to order at 9:00 A.M with the following members present: Colby Holmes, Randy Taylor and Steve Knapp.

A motion was made by Knapp, second by Taylor to approve the agenda.
AYES: Unanimous NAYS: None

The Board considered approval to certify Marty Schnoor as Ringgold County Weed Commissioner for the 2023 calendar year. Weed Commissioner Marty Schnoor met with the Board to provide an update on the program. Schnoor said he is making ground on the teasel. Schnoor went on to explain he is working on a two-phase weed control program for the county to better control the weeds. The department is considering a spray machine that will be installed in one of the dump trucks that will better broadcast when trees are removed in county right-of-way.

Engineer Jared Johnson met with the Board to provide secondary roads updates. Spot rock was hauled to the Southeast maintainer district. FY23 spot rock has now been completely hauled.

The sign truck was out working to repair downed/damaged/deteriorated signs.

The crew worked to spray roadsides for the control of noxious weeds.

The crane was delivered, and the crew worked to assemble it at the next project location.

Chip rock was hauled and stockpiled at the yard for use with the total patcher.

The total patcher was out working to repair potholes along 220th Ave.

Work order:

W.O. 1088: Re-sealcoat P32 from HWY 169 to Delphos. The crew scarified and ground the existing sealcoat surfacing. The existing material was then shaped and compacted. The crew started to haul base rock on the roadway. Base rock is going to be hauled from the south to the north. (In Progress)

W.O. 1089: Re-sealcoat 160th Ave from HWY 2 to Benton. The crew scarified and ground the existing sealcoat surfacing. The existing material was then shaped and compacted. Part of the base rock was hauled and placed on the roadway. (In Progress)

W.O. 1074: Replace deteriorated 3x3 box culvert with new 24" ADS culvert. Located on 300th Ave between 160th Street and J20 (Complete).

W.O. 1086: Replace deteriorated 24" concrete culvert with new 24" ADS culvert. Located on 155th Ave between 168th and 170th Street. (Complete)

W.O. 1087: Replace deteriorated 24" CMP culvert with new 24" ADS culvert. Located on 155th Ave between 168th and 170th Street. (Complete).

The contractor finished assembling the central batch plant for the J55 paving project. The plant was checked for calibration. The contractor spent last week stockpiling fine and coarse aggregate at the plant site. The last updated schedule is to begin paving Thursday or Friday this week.

Absolute Concrete was on the Grant 13 site last week to install the erosion control devices. All work at the site is now complete. The department is waiting for the vegetation to establish before officially signing off on the project.

Last week at the Benton 11 site the contractor worked to excavate down to the existing culvert south of the bridge which is to be removed. By the end of the week the contractor had excavated down to the structure and removed it in its entirety. The Contractor began working on the excavation for the new culvert installation. This week the contractor is planning on finishing the excavation for the new culvert installation and working on culvert bed construction. Currently, concrete pipe sections are to begin being delivered to the site on Friday.

Dwight Hickman was also present for the session to express concerns about a past project on South West Street in Mount Ayr. Johnson will take steps to improve the condition of the site in question.

The Board reviewed claims to be paid Wednesday, June 14, 2023.
