

Ringgold County Board of Supervisors Minutes
March 18, 2024

The Ringgold County Board of Supervisors met in regular session Monday, March 18, 2024. The meeting was called to order at 9:00 A.M with the following members present: Steve Knapp and Colby Holmes. Absent: Randy Taylor

A motion was made by Holmes, second by Knapp to approve the agenda.
AYES: Unanimous NAYS: None

Engineer Jarred Johnson met with the Board to provide secondary roads updates. The sign truck was out working to repair downed, damaged, and/or deteriorated signs. The remainder of the bridge postings updates were completed on the dirt road bridges.

Spot rock was hauled to the Northwest, Northeast, and Southwest maintainer districts.

Along the P27 corridor where the bridge was removed and roadway regraded, sections of the seal coat had deteriorated and developed potholes. These sections were torn up and bladed. The department will monitor these locations and blade as required. These locations were treated with calcium chloride last week to suppress dust and increase visibility.

A portion of 240th Street between P46 and 230th Ave. was treated with calcium chloride in response to notice received from the Iowa DNR about a fugitive dust complaint related to industrial traffic.

The total patcher was out working to make a trip around the county repairing potholes. As temperatures rise it is planned to fill the storage tanker and resume roadway patching.

Traffic control signage for the road closure was set out along 190th Street for the road closure over the weekend.

The shop pits and drains were cleaned during the wet and muddy period late last week.

Work order updates:

W.O. 1187: Clear trees and brush from ROW for approximately 0.75 miles. Reshaped roadway foreslope and ditch area. Excess ditched material was hauled to a culvert replacement project, W.O. 1189. Located along 170th Ave between 130th and 115th Streets. (In Progress)

W.O. 1189: Replace deteriorated 24" CMP culvert with new 24" ADS culvert. Repair downstream erosion. The new culvert will be extended past the limits of the existing culvert to allow for 3:1 foreslope overtop of the culvert. Located along 170th Ave. between 130th and 115th Streets (In Progress)

Impact 7g was the low proposal and contracted to complete the work for the Liberty 25 project. They anticipate beginning in the upcoming weeks.

At the ATURA meeting this past Tuesday it was recommended by the technical committee and approved by the policy committee to award the Jefferson 26 project. This approval is contingent upon the IDOT review of the project. Bear Creek Archaeology

was the low proposal and contracted for the work. It is anticipated to be late spring/early summer before they can complete the work.

At 10:00 a.m. a motion was made by Holmes, second by Knapp, to open the public hearing for the Poe Township FY25 proposed budget. There were no oral or written comments presented. Holmes moved to close the public hearing at 10:10 a.m., second by Knapp. Motion carried. The Board moved forward with approving the Poe Township budget.

Randy Taylor joined the meeting at 11:30 a.m.

The Board reviewed claims to be paid Wednesday, March 20, 2024 and moved forward with approval.
