

Ringgold County Board of Supervisors Minutes

May 5, 2025

The Ringgold County Board of Supervisors met in regular session Monday, May 5, 2025. The meeting was called to order at 9:00 A.M with the following members present Randy Taylor, Colby Holmes and Steve Knapp.

Engineer Jared Johnson met with the Board to provide secondary roads updates. John Overholser stopped in to visit with the group about a concern with a tile line that is damaged following a culvert project. If not addressed timely, it will be silted in and costly to repair, Overholser said. Overholser asked if he should repair it and invoice the county or have the county make the repairs. Johnson said he is going to look at it and will let him know the path forward.

Spot rock was hauled to the Northeast and North Central Maintainer districts.

The skid loader brush grinder was out working in select areas.

The crew is working to construct concrete patches along J23 and at the intersection of P27 and HWY 2. When the weather permitted last week, the crew worked to remove and pour PCC patches at previously cut locations. Weather permitted patching last week every day except Friday. The crew will continue to remove and pour PCC patches this week. The road will remain open to traffic, with flaggers controlling the work zone.

Work order updates:

W.O. 1337: Clear brush and trees along the roadside and re-shape ditch area for approximately 0.75 miles. Located along 270th Street on the dead-end west of P33. (In Progress)

W.O. 1335: Replace deteriorated 3x3 concrete box culvert and 36" CMP culvert with new 66" CMP culvert. Located along 210th Ave between J23 and 130th Street. (In Progress)

It is planned for Caliber to be on the Diagonal sidewalk project site this week to complete the corrective work. Blue Marble has been notified that there are areas where the seeding did not take and to re-seed those areas.

Lastly, the Board approved to publicly advertise and set letting date for project LFM-WASHINGTON10(1)—7X-80 for May 27th at 9:00 a.m.
