Engineer's Report – Jared Johnson

The tractors and mowers were out working in the southeastern and northeastern portions of the County.

Farm-to-Market rock was hauled to the north central maintainer district.

The crew worked to shoulder along P27 between HWY 2 and J23. Equipment breakdown did not allow for this work to be completed last week. Repairs have been made, and the crew will resume work this week.

Work Order Update:

W.O. 1381: Replace deteriorated 8' multi-plate culvert with new 10' RR Tanker. Inlet and outlet were armored with revetement. Located along 140th Ave between J23 and 150th Street. (Complete)

W.O. 1388: Clear trees/brush and reshape roadside for approximately 0.80 miles. Located south and east from the intersection of 140th Street and 160th Ave. (In Progress)

Jefferson 26 project update: The final report is expected to be received four weeks after field work is completed.

Washington 10 project update: Last week the crew finished forming and tied reinforcing steel for the downstream end barrel section floor and headwall apron, poured the downstream end barrel section floor and headwall apron, tied wall reinforcing steel for the upstream interior barrel section, and started forming the upstream interior barrel section.

This week it is planned to finish tying reinforcing steel and forming the upstream interior barrel section, pour the upstream interior barrel section, tie, form and pour the downstream interior barrel section.

Recorder's Report – Kisha Martin

Martin presented the Board with the Recorder's FY25 annual report for their review. The Board moved forward with approval.

Other Updates

Auditor Waske reviewed with the Board a press release on the proposed local option sales tax (LOST) question that will appear on the November 4th City-School Election ballot. The Board is working to schedule town halls to discuss the importance of approving this tax. It is important to mention that LOST is currently in place and is set to expire in June 2027, so this would not be in addition to that, rather a request to continue the revenue supporting public infrastructure improvements, public safety equipment, and any other lawful purpose.
