Engineer's Report – Jared Johnson

The sign truck was out working to repair downed, damaged, and deteriorated signs.

In conjunction with EMA, the crew worked to replace deteriorated street signs. The department is working with EMA on another street sign replacement order.

The excavator and grinder were out working in the southeast and south-central maintainer districts.

The crew was out with chainsaws working to cut trees and brush around bridge ends, culverts and signs.

The skid loader brush grinder was out working in the north central maintainer district.

The crew worked repairing broken skylights on the Redding patrol shed.

The Connex job box was decluttered and organized.

The crew took pavement cores along P27 between Redding and HWY 2, and J55 between Redding and P14 for design purposes for upcoming projects.

The crew inspected and marked subdrain outlets along J20 from Tingley to the county line.

The department has submitted all documentation to the IDOT for audit determination on the Benton 12 project. The department has been notified about a quantity dispute with regard to pavement markings by the subcontractor Highway Signing. The department has requested justification for the quantity error. To date the subcontractor has been non-responsive to this request. Per the IDOT if after 30-days no response has yet been received the semi-final voucher will be executed regardless if quantity agreement is obtained, and project closeout will proceed.

The department conducted additional structure survey with respect to endangered species for NEPA clearance for the Jefferson 26, P27 and Union 13 projects.

The final voucher for the Diagonal sidewalk project has been signed and is being processed with this weeks claims for disbursement. Once a cleared check is available the department will seek final reimbursement from the IDOT, which will finalize the project closeout.

Johnson reported he did receive paperwork from City of Beaconsfield to proceed with the road closure of 320th Ave, Sections 2 and 3 in Monroe Township. The city approved the closure for the portion that resides within their city limits. Johnson recommended the county move forward with the requested closure for that portion of road outside of city limits. The Board moved forward with setting the public hearing for Monday, January 12, 2026, at 9:30 a.m. in the Board of Supervisors office.

Treasurer Debra Cannon met with the Board to review the November month end report for her department. The Board moved forward with approval.

The Board reviewed claims to be paid Wednesday, December 24th and moved forward with approval.
