Engineer's Report – Jared Johnson

The sign truck was out working to repair downed, damaged, and deteriorated signs.

The excavator and grinder were out working in the southeast and south-central maintainer districts.

The crew was out with chainsaws working to cut trees and brush around bridge ends, culverts and signs.

The skid loader brush grinder was out working in the south-central maintainer district.

The crew worked to frame the door opening in the diagonal patrol shed.

The connex job box was decluttered and organized.

Broken concrete was processed for use as revetment.

Plow mounts were removed from the trucks that are being sold.

The department completed the material review and attachment E documentation for the J55 project. The semi-final voucher has been approved by the contractor and will be sent to the office of finance for payment. The department is now working to complete the final forms packet.

The department began working to revise the cost estimate for the P27 South project to determine the overall scope. As a reminder, this is resurfacing project utilizing Federal-Aid and Farm-to-Market funding. The planned improvements are along the P27 corridor beginning at the P27/HWY 169 intersection north along P27 to the P27/HWY 2 intersection. It is also planned with this project to resurface J43 from P27 to the city of Maloy.

Johnson continues to work on the destination lighting project at the various intersections in the county as previously discussed. He mentioned DOT is likely going to require break away poles at certain locations.

Johnson presented the Board with a Windstream utility permit. The Board moved forward with approval.
