

Ringgold County Board of Supervisors Minutes

March 23, 2026

The Ringgold County Board of Supervisors met in regular session Monday, March 23, 2026. The meeting was called to order at 9:00 A.M with the following members present Randy Taylor, Colby Holmes and Steve Knapp.

A motion was made by Knapp, second by Taylor to approve the agenda.
AYES: Unanimous NAYS: None

Engineer Jared Johnson met with the Board to provide secondary roads updates. Spot rock was hauled to the northwest maintainer district.

The crew worked to build curb forms for an upcoming project.

The sign truck was out working to repair/replace downed, damaged, or deteriorated street signs.

Plow trucks were dispatched early Monday morning to clear snow-covered areas and treat slick spots.

Work order updates:

W.O. 1425: Replace deteriorated 36" CMP culvert with new 36" ADS culvert. The culvert outlet was armored with broken concrete. Located along 240th Ave between P68 and J45. (Complete)

W.O. 1426: Replace deteriorated 36" CMP culvert with new 36" ADS culvert. The culvert outlet was armored with broken concrete. Located along 250th Ave between 310th Ave and P68. (Complete)

W.O. 1438: Clear brush and reshape ditch area for approximately 400 ft. Located along 210th Street between P64 and 300th Ave. (Complete)

W.O. 1440: Clear brush and reshape ditch area for approximately 0.25 miles. Located along 280th Ave between 280th Street and J55. (In Progress)

W.O. 1442: Ringgold County bridge Riley 4. Align channel with bridge and armor channel banks with revetment.

The department is working to finalize the Union 13 project site hydraulics and prepare the preliminary plan set. The department is analyzing a box culvert and bridge option. Due the channel depth at the site bridge length is grade controlled and requires a structure of significant length. A box culvert will work at this location hydraulically. A box culvert is the more economical option for construction and will create an open roadway cross section, however, streambed mitigation appears will be required.

Last week at the Middle fork 7 project the crew installed the downstream dam, dewatered the excavation, excavated down to bottom of culvert grade, hauled, placed, and graded foundation treatment material, and began to set precast sections. By the end of the week the east barrel line was completed and approximately half of the west barrel line was set.

This week it is planned to set the remaining precast section, install and tighten all tie bolts, install sheet pile curtain walls, form and pour center joint and floor extensions at inlet and outlet, place engineering fabric joint wrap, and begin backfilling the culvert.

The department has completed and checked the final plans for the Middle Fork 10 project. The Board moved forward with approval of the final plans. The department recommends setting a local letting date of April 6th. The Board moved forward with approval of this date and set the time for 9:30 a.m. in the Board of Supervisors office.

The department completed the pile design for the Poe 17 bridge and is working on final plan development.

The Board recessed at 10:00 a.m. for the FY27 property tax levy hearing.

At 10:31 a.m. the Board reconvened their regular session.

The Board moved forward with approval of the FY27 proposed property tax levy as published.

The Board moved forward with setting the proposed FY27 budget hearing for Monday, April 6, 2026, at 10:00 a.m. and approved to publish. The public hearing will be held in the assembly room at the Ringgold County Courthouse.

Treasurer Debra Cannon met with the Board to review the February month end report for her department. The Board moved forward with approval.
