

Ringgold County Board of Supervisors Minutes May 18, 2026

The Ringgold County Board of Supervisors met in regular session Monday, May 18, 2026. The meeting was called to order at 9:00 A.M with the following members present Colby Holmes, Randy Taylor and Steve Knapp.

A motion was made by Knapp, second by Taylor to approve the agenda.
AYES: Unanimous NAYS: None

Engineer Jared Johnson met with the Board to provide secondary roads updates. Spot rock was hauled to the north central and northeast maintainer districts.

The total patcher was out working to repair roadway potholes. It is anticipated the total patcher will be out working this week as well.

Tractors and mowers were out working to mow vegetation along paved roadsides. They were out working in the northwestern, eastern, and southern portions of the county.

The department was out working to spray brush and vegetation around bridge ends and areas where trees and brush has been previously cut.

Work order update:

W.O. 1456: Replace deteriorated 36" CMP culvert with new 36" ADS culvert. Culvert outlet was armored with revetment. Located along 180th Ave, between 115th and 130th Streets. (Complete)

W.O. 1457: Cleaned out inlet and outlet of 30" roadway culvert to improve function and drainage. Some ditching was required. Located along 205th Ave, between 325th Street and the Missouri State Line. (Complete)

W.O. 1458: Cleaned out inlet and outlet of concrete box roadway culvert to improve function and drainage. Some ditching was required. Located along 205th Ave, between 325th Street and the Missouri State Line. (Complete)

W.O. 1459: Cleaned out inlet and outlet of 24" roadway culvert to improve function and drainage. Some ditching was required. Located along 205th Ave, between 325th Street and the Missouri State Line. (Complete)

W.O. 1460: Replace deteriorated 24" concrete culvert with new 24" ADS culvert. Culvert outlet was armored with revetment. Located along 212th Ave, between J55 and 310th Street. (Complete)

W.O. 1461: Replace deteriorated 18" concrete culvert with new 24" ADS culvert. Located along 212th Ave, between J55 and 310th Street. (Complete)

The department is working to revise the alignment for the Jefferson 26 project.

Eocene was on Union 13 project site last week to complete the field work for the wetland delineation. It is anticipated that preliminary results will be received this week.

The department also submitted to the IDNR for floodplain and sovereign lands clearance. The department received notice that no IDNR permits are required.

Last week at the Middle Fork 10 the crew drove the remainder of the falsework piling for the west end span, drove the west pier piling to refusal, extended the short piling at the west pier, built crane pad to drive falsework piling at interior span, drove all falsework piling at interior span, removed the remainder of the existing bridge at the east, roughed in east footing grade, excavated east abutment berm slope, laid out and excavated for east pier piling and falsework piling for the east span. Over the weekend with the heavy rain the temporary stream crossing was washed out. Rebar shop drawings were checked and approved. This week, weather pending, it is planned to rebuild the temporary stream crossing, make any repairs necessary to the east abutment berm slope, build crane pad, layout and drive east pier piling.

Due to some problems opening attachments the Washington 254 project was resent to the Location and Environment bureau.

At 10:00 a.m. Holmes opened the public hearing for the FY26 budget amendment. There were no comments received. At 10:10 a.m. Knapp moved to close the public hearing. Second by Taylor. Motion carried. The Board moved forward with approval of the proposed budget amendment for FY26 as published.

The Board moved forward with approval of the following alcohol permits: Tenx Adventures 3, LLC (DBA Big Bend Bar & Grille); Ringgold County Development Corporation (event at Poe Hollow Park); Getting' Slushed South of 35, LLC (event at Sun Valley Lake).

RESOLUTION RC26-89
