

Ringgold County Board of Supervisors Minutes

June 29, 2026

The Ringgold County Board of Supervisors met in regular session Monday, June 29, 2026. The meeting was called to order at 9:00 A.M with the following members present Colby Holmes, Randy Taylor and Steve Knapp.

A motion was made by Taylor, second by Knapp to approve the agenda.
AYES: Unanimous NAYS: None

Engineer Jared Johnson met with the Board to provide secondary roads updates. A tractor and mower were out working to mow vegetation along paved roadsides and Farm-to-Market gravels in the southwestern portion of the county.

The crew was out working to spray primary noxious weeds along roadsides.

The total patcher was out working to repair potholes and will continue working to cover all hard surfaced roads.

Chip rock was hauled and stockpiled for an upcoming seal coat project.

The crew worked to clean out the ditch and remove accumulated in a problem area along 190th Street between HWY 25 and 110th Ave. Additional ditching and culvert installation will be required to prevent future problems at this location.

Railroad tanker culverts arrived and were unloaded at the proposed sites: 325th Ave south of 170th Street, P54 between 190th and 200th Streets, and 300th Ave. between J45 and 230th Street.

Work order updates:

W.O. 1467: Replace deteriorated 66" CMP culvert with new 66" CMP culvert. Culvert outlet armored with revetment. Located along 290th Street between US HWY 169 and 188th Ave. (Complete)

W.O. 1446: Replace deteriorated 42" concrete culvert with 42" ADS culvert. Located along J55 between 120th and 135th Ave. (Complete)

J55 Chip Seal, from P14 to US HWY 169: The department is working to obtain a work in the ROW permit from the IDOT for the work at the J55 & US HWY 169 intersection.

A revised final wetland delineation report was received from Eocene for the Union 13 project. This along with revised preliminary plans were submitted to the USACOE for permit determination.

A conference call was held to discuss announcement details for the P33 resurfacing project.

Last week at the Middle Fork 10 project site, the crew reinstalled the temporary stream crossing, finished setting stringers at the west span, set stringer camber and placed wedge blocks at the west end span, set decking panels at the east and west end spans, hauled decking materials and forms to the site, hauled the hammer and leads to the site, hauled additional falsework piling to the site, cutoff the east and west pier piling to grade elevation, finished decking at the west abutment, started decking at the east abutment, re-drove falsework piling at the interior span that were broken off during flooding.

This week it is planned to finish decking at the east abutment, cutoff falsework piling at the interior span, set false caps at interior span, set, camber, and place wedge blocks at interior span, set decking panels at interior span, finish decking interior span, and form pier caps.

To follow up on the discussion from the previous week regarding the potential creation of a Bridge Foreman position, Johnson stated he is leaning toward posting the position internally. Under the proposed structure, the selected employee would receive the increased rate of pay only while serving in the Bridge Foreman role on active bridge projects.

Treasurer Debra Cannon met with the Board to present the financial report for the department. The Board moved forward with approval.

Auditor Amanda Waske presented the board with an alcohol permit for the Ringgold County Fair. The Board move forward with approval.

The Board approved claims paid June 26, 2026.

RESOLUTION RC26-102
